

The Fringe-Matrix-Capacitor

By Stephen Beam

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Stories spanning centuries of time - from the present to a stupefying future - these are the bizarro sci fi chronicles of instantaneous space travel. - End of Space - Fringe Traveler Incorporated is a small, decaying factory on the verge of bankruptcy. They make sensory deprivation tanks, a once trendy fad fast fading into obscurity. The owner, Garrett, discovers his hidden genius and builds a vehicle that can journey to the end of space - traveling faster and farther than anything before - by being absolutely motionless. What exists beyond space? This novella blends hard science fiction with cosmological, spiritual and philosophical speculation, questioning the very nature of reality in a search for ultimate answers. - Atom Malfunction - Samuel is a dishwasher at Gordo s Tacos. He builds a homemade spaceship in his carport using a fringe-matrix-capacitor motor bought from his somewhat shady workmate, Jose. The spaceship works but Sam ends up crashing on a pleasant Caribbean style beach on a planet three parsecs from earth. Strangely, he finds Jose s decapitated body on the beach...
