

Science Sketches (Classic Reprint)

By David Starr Jordan

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Science Sketches This volume is made up of a number of unconnected sketches and addresses, coming more or less distinctly under the head of Popular Science. Three of them - the paper on The Dispersion of Fresh-Water Fishes, the address on Darwin, and the paper on The Evolution of the College Curriculum - are here published for the first time. The others have appeared in various periodicals. All the articles have been freely retouched, and some of them entirely rewritten. The author wishes to express his obligations to Messrs. D. Appleton Co., to S. E. Cassino Co., and to the Century Company for permission to reprint articles which have appeared in the Popular Science Monthly, in the Standard Natural History, and in St. Nicholas. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare...

Reviews

It is fantastic and great. It usually will not charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
