By N. C. Lee

Springer. Paperback. Book Condition: New. Paperback. 560 pages. Dimensions: 10.0in. x 7.0in. x 1.3in. We believe that this Plastic Blow Molding Handbook will provide the reader with a greater understanding of the unique process characteristics of blow molding, enable the reader to apply proven techniques in developing new products and applications for blow molding, and will serve as a valuable reference for all who are interested in the plastics industry. Our thanks are heartily extended to the various authors for their contributions to this pioneering effort in blow molding. J. H.
